By order of committee. E. W. FOX, Chairman.

MEETING OF THE COUNTY EXE-CUTIVE COMMITTEE.

The County Radical Republican Executive Committee held a meeting at the Court House, on last Saturday afternoon. Present : H. Dill, Benton township ; Jacob Rayhill, Clay township; T. K. Slaughter, Dallas township; A. Gillfillan, Western district of Lewis township, and Chas. W. Bowman, Eastern district Lewis township. G. W. Lucas, of Nodaway township, was invited to a seat.

The various modes of holding county conventions and nominating candidates it. were thoroughly canvassed.

It was resolved that a county mass convention, for electing delegates to the State Convention, be called for Saturday, the 27th day of June, 1868, and that a convention, for the nomination of county officers, be held on Saturday, the 5th

Not A Candidate.

We clip the following from the Savannah (Mo.) Courier:

J. D. McLain, editor Courier: Dear
Sir: A copy of the Courier in which
you abnounce me as a candidate for reelection to Congress is before me. I am much pleased to know that my official action meets your approval, and for the complimen ary manner in which you have mentioned my name as a candidate for Congress. Please accept my thanks; but under existing circumstances I do not desire a re-election. Very truly yours,

We but re-echo the sentiment of the Republican voters of Holt county, and indeed, from all we can learn, of all the counties composing the Twelfth Judicial Circuit, when we hoist the name of Hon. I. C. PARKER for our representative in Congress. We holst it, therefore, because we believe it a duty to respond

itably; we believe he will get it, be-

be a little ambition in some section to have the honor of furnishing the man. And as regards this sectional pride, should not every Republican be ready to sacrifice it at any moment, if necessary to the achievement of a brilliant success?

We say let us go for Mr. PARKER, and at the same time secure the success of genuine Republican principles.

## DEMOCRATIC MEETING.

Owing to the meeting of the County Executive Committee, we were prevented from attending the Democratic meeting at Forest City, on Saturday last.

We learn there was quite a crowd at the City on that day. Many, no doubt, wished to hear the distinguished speaker and the big brass brand, which were to

rare a thing as a Democratic meeting. One little incident which marred the success of the meeting was the hoisting of the old "Star Spangled." A number

of chaps who have all along been sailing under different colors, saw the "detestable rag" upon coming into town, and swore if that was the sentiment they were not in-concluded there must be some mistake, and backed out in disgust. The great majority of cops, however, understood the trick and walked under the flag just as though they were used to

## HON. I. C. PARKER.

OREGON, Mo., June 16, 1868. ED. SENTINEL: The following resolution was at a ratification meeting of the Republican party of Nodaway county unanimously adopted:

Resolved, That we recognize in the Hon. I. C. Parker, of St. Joseph, a true, faithful and able exponent of the principles of the National Union Republican party of this State and of the nation, and that we believe him worthy of all confi-dence, and desire to see him placed in nomination for the office of Representative in Congress from this District, and that we will use all honorable means to secure his nomination and election in the approaching campaign.

I only speak the sentiment and feeling of the Republican party of Holt county when I say we endorse the above resolution. We believe Mr. Parker is the choice of this whole upper country for Congress. The people know him to be sound; a man of principle; a man, too, that deserves promotion. His unremunerated toil for, and unflinching fidelity to our party, during the last eight years a true advocate and vindicator of our party, in war and in peace the same, all go to prove that Mr. Parker is, and should be the choice of the Republican party of this District at the coming convention. His name would add addition al luster to our ticket this fall in this State, already made victorious by being headed by the names of Gen. Grant and Schuyler Colfax. R. A. N.

An "Ad Interim" Marriage.

Another curious case of marriage occurred near Grandview last week. A young gentleman, living in Johnson county, procured a marriage license in that county and came to Louiss county to carry off one of its fair maidens. He engaged a clergy man of Grandview to the the hymenial knot, who did so on the strength of the Johnson county license, per the high the strength of the Johnson county license. It will be remembered, in the contest of two years ago, with what tenacity we urged his claims for the same position, giving way only to the decision of the Congressional Convention.

Strength of the Johnson county license. They slept on it one night, but only to learn on awakening in the morning, that, if married at all, it was only "ad interim," so to speak, for that if the marriage was legal, the parties engaged in it were liable to a fine. What should be done? They could not take it back, that was certain, and more, they didn't want to. A council was held, and it was decided that the groom and clergyman should go What we said then, we say now—I. C. PARKER is our first choice for Congress. He deserves it, for the bold and able stand he has maintained in the midst of all opposition for Republican principles; he should have it, because he has the ability and the industry to represent us creditably:

We helieve he will get it be

itably; we believe he will get it, because the people know him well—better than any other man who is offered for the position—and knowing his sterling qualities as a representative man demand his services.

Nothing can been said derogatory of his political character, even by his bitterest enemies, and seeing that he is in the field, we should not be surprised to see it relinquished entirely by others of the party in his favor. No opposition, in the party, can be brought to bear against him, that we can see, unless it be a little ambition in some section to
